

Mission Statement

The Bayside Business Association was founded in 1997 to help develop Bayside into a model shopping district, educate Bayside businesses, and address issues that would inhibit business.

The organization's purpose is to provide the community with a family-oriented atmosphere, where business owners know their customers by name.

BAYSIDE BUSINESS ASSOCIATION

Bayside Business Association continues its beautification efforts in the Bayside area

Over the past several years, the Bayside Business Association has undertaken many beautification projects. The BBA planted 17 new trees within the Bayside community. These trees will be dedicated to the memory of our Bayside area residents that have given their life in the line of service to our country or community. Each tree will be dedicated to a Bayside area service person from the military, police, and fire departments who has lost their life since September 11, 2001.

Our goal is to have a memorial service that will dedicate each tree. We are in the preliminary stages of this effort and are hoping that members of the community can help get this project up and running. If you know of anyone who has given their life in the line of duty to their country or community through the military, police, or fire departments, please contact the Bayside Business Association. All inquiries will be verified.

Another project that the BBA is currently overseeing is the renovation of the LIRR freight building. For the past several months the building has been under construction. We are finally within the last stages of completion in the renovation. The BBA hopes to move into the building in early spring. The freight building will be a place where the community can come to communicate their concerns and ideas about the Bayside community.

The Bell Boulevard streetscape project will begin construction this year. Plans have already been made to renovate the area on Bell Blvd near the LIRR station. It is the hope of the Bayside Business Association to bring more patrons to the businesses by making Bayside a beautiful place to shop as well as live.
